

## GUIDANCE AND COUNSELLING

Guidance and counselling are available throughout the two-year studies in the EdGlo programme. The academic advisor / programme coordinator is responsible for the guidance and counselling in collaboration with the student tutors and teachers. Guidance and counselling are carried out in every stage of the studies in a variety of different settings such as student tutoring, orientation, Personal Study Plan process, internship seminars and workshops, personal meetings with students by the academic advisor / programme coordinator, and monthly informal get-togethers called "Coffee-Questions-Conversation". Furthermore, the academic advisor / programme coordinator has daily office hours and students are welcome to come without appointment and discuss any issues related to their studies or well-being.

### LEARNING OUTCOMES

- With the help of advising, guidance and counselling students are able to
- \* Reflect their background and initial situation at the beginning of their studies
  - \* Consider implementation and realisation of studies, and study constraints
  - \* Pay attention to the methods for studying
  - \* Plan their individual study plan for the four semesters in the degree programme
  - \* Identify the learning outcomes of the degree programme and individual courses
  - \* Identify their study and career goals
  - \* Determine key areas of professional development, clarify career alternatives and plan further professional and personal development
